THE WEEKLY DIGEST

Volume 41—Number 9 Section TWO Week of February 26, 1961

INDEX TO VOLUME 40

July Through December 1960

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Advertising—8-3;" tells you that an item on Advertising will be found in the eighth issue of QUOTE under index number 3.

One or more letters, following an issue number, refers to material in regular departments. For example: "Africa—4-TT;" indicates that an item on Africa appears in *Tempo of the Times* in issue number 4. The reference to "Civil War—26-MM;" means that an item on that subject appears in *Mining the Magazines* in issue 26. The reference to "Beatniks —4-j;" means that an item on that subject will be found in the regular *Good Stories* section of issue 4 under index letter j.

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively. In the index, a reference such as "Agriculture—9-8Q;" refers to a quotation on that subject in the 9th issue, numbered eight in the *May We* QUOTE . . . section. When the letter t follows the Q as in the reference "Automobiles, Small—24-3Q-t;" it indicates the special *Quote-ette* feature in issue 24. A complete list of department abbreviations appears below:
